

Name:

Date:

**A. Write questions about distance.**

e.g. How far is it from your house/the school to.....?

How far is it from the city centre to....?

Remember: We say – How far is **by** bus / **by** car?

**but** - How far is it **to** walk?

**Not** - How far is it by walking?

**Ask about** - the school, the city centre, the shopping centre, the bank, the park, the post office, the train station, the beach, and anywhere else you can think of.

2. \_\_\_\_\_

3. \_\_\_\_\_

4. \_\_\_\_\_

5. \_\_\_\_\_

6. \_\_\_\_\_

**B. Now ask your partner the questions.**

**C. In groups ask each other**

How far is it by plane from your country to Ireland?

Do you have to change anywhere?

Can you get a direct flight?

Can you travel some of the journey by train?

**Ask 10 people in the class and fill in the chart**

| Name | From Ireland to? | How many hours? | What airport? Direct flight or change? | Price of ticket? |
|------|------------------|-----------------|--|------------------|
|      |                  |                 |  |                  |
|      |                  |                 |  |                  |
|      |                  |                 |  |                  |
|      |                  |                 |  |                  |
|      |                  |                 |  |                  |
|      |                  |                 |  |                  |
|      |                  |                 |  |                  |
|      |                  |                 |  |                  |
|      |                  |                 |  |                  |
|      |                  |                 |  |                  |
|      |                  |                 |  |                  |

Who has the longest journey from Ireland?

Who has the shortest journey?
