2. Now discuss your answers with your classmates.

3. Take action! Apply for your library card – it's free. Just go to your local library with ID and proof of address to join. Take out some books to read at home or bring into school for your private study/reading period. You can also take out CDs and DVDs at most libraries and use the Internet for free. Some have free language learning facilities and conversation groups. More information on libraries is available at www.library.ie
